COVID-19

Safe entertainment is something we achieve together.

Circl has been designed by the 1.5-meter guideline of the RIVM. We operate strictly by these guidelines.

- During the reception, guests are requested to wear a mouth mask, measure their body temperature with a special scanner, and disinfect their hands. In addition, one must register by e-mail and phone number. Our hostesses will then direct the guests to the correct room.
- During your presence in Circl, you are required to wear a mouth mask in our movement areas, and you must keep to the walking directions.
- All our rooms are set up with a fixed arrangement so that the 1.5-meter distance can be guaranteed. We kindly ask you not to change this setup.
- Our rooms, chairs, tables, door handles, and other contact points are cleaned by our hostess after each meeting. In addition, hygiene instruction, disinfectant gel, and tissues are available in each room if you desire to disinfect your hands.
- Together with our external audiovisual partner, we can provide technical support for your event, where appropriate. For example, organizing a live stream or using our Circl Studio are among the possibilities.
